

## Thank You to Everyone Who Auditioned

We want to sincerely thank every student who took the time to audition for our music groups this year. We truly appreciate your effort, courage, and passion for performing. The level of talent and dedication made the selection process incredibly difficult, and we are proud of each and every one of you for putting yourselves out there.

Please know that these decisions were not made lightly. We considered many factors, and while not everyone may have received the outcome they hoped for, we encourage you to continue growing, performing, and sharing your love of music.

Congratulations to those selected, and again—thank you all for being part of this amazing community.
